WHY S&S

One team for every digital need.

Many solutions, one team

Websites, branding, systems and marketing from the same people, so everything fits together.

Scoped around your business

We start with how you actually work, then build only what you need.

Practical, with training

Solutions are set up and your team is shown how to use them.

Scalable by design

Start small and add pages or modules as you grow.

Support after launch

Hosting, email and technical help do not end at handover.

WHO WE WORK WITH

Entrepreneurs and SMEs, professional service providers, corporates, cooperatives, NGOs and community organisations.

GET STARTED

Let's build yours.

Book a free 20-minute discovery call. We'll listen, recommend what fits, and agree a fixed price before any work begins.

OUR SERVICES

Be found. Look credible.

01 Digital Presence & Web

Website design and development, .co.ke domains, reliable hosting and professional business email, with technical support after launch.

MONTHLY WEBSITE PLANS

from KES 1,100 / month

Professional email from KES 250/month per mailbox. Custom solutions by quote.

02 Branding & Graphic Design

A consistent identity across online and print: logos, posters and marketing materials, delivered with editable assets you own.

Priced by quote, to fit the job.

Run it smarter.

03 Business Technology

Systems for sales, stock, records and day-to-day workflows, set up around how your business already runs.

S&S POS

COMING SOON

Sales, products, inventory, customers and reporting in one place, with modules you can add over time.

04 Professional & Financial

Digital tools for advisors, insurance professionals, accountants and consultants.

Digital solutions only. Not financial, insurance, accounting or legal advice.

05 Corporate & Organisational

Digital transformation, systems and branding for corporates, SMEs, cooperatives, NGOs and community groups.

Grow with intent.

06 Digital Marketing & Growth

Strategy-led marketing, search visibility (SEO) and clear reporting, so you can see what is working.

HOW WE WORK
